Please read carefully, we have specific electrical stipulations for equipment. List each piece of electrical equipment that you will be bringing. This information is important for assigning booth locations. Electrical power that will be furnished is 120 volts, One ( 1 ) 20-amp receptacle and an overhead light. ( No 3 Phase Equipment ) All equipment used during the event must be capable of properly operating off a GFCI ( ground fault circuit interrupter )

Equipment Item	Current Draw	Power
_____	120 Volts # _____ amps or # _____ watts	
_____	120 Volts # _____ amps or # _____ watts	
_____	120 Volts # _____ amps or # _____ watts	
_____	120 Volts # _____ amps or # _____ watts	
_____	120 Volts # _____ amps or # _____ watts	

Should you require additional electrical needs you must list those items on this form for review - an additional fee may be required. We will try to accommodate you, but we have limited electrical resources.
