PASSAGE for Smartphones

New PASSAGE apps for iPhone® and Android™ put Lake County traffic information at your fingertips! You can:

- View a map of current road conditions and events, including crashes, stalls, debris, and other roadway incidents
- View current location with nearby roadway incidents
- Get real time congestion information
- View camera images of each approach at major intersections
- Report incidents directly to PASSAGE and include pictures, location, and text description
- Listen to the Highway Advisory Radio message (1620 AM)
