

Road Rehabilitation tentative work for the week of May 1st:

Phase 1 of the Road Project will begin with our contractor saw-cutting for the removal of concrete curb/gutter and sidewalks in the Gregg's Landing Subdivisions of Cypress Pointe, Pebble Beach, Turtle Bay, Royal Birkdale, Broadmoor, Beaver Creek and Gregg's Parkway between Cypress Pointe and Huntington Drive. Removal and Replacement of curb/gutter and sidewalks will begin shortly thereafter, weather permitting.

Please notify us if you have an irrigation system or invisible pet fences. If you need any other special needs or concerns please contact us as well.

Locations where removals are planned to occur at your driveway, a notice will be placed at your front door by the contractor the day before the removal. Please have your vehicles moved to the street by 7:00 am the day of removal.

Residents have been given permission to park on the street overnight if you are unable to access your driveway, we have notified the Police Department not to enforce the overnight parking restrictions for **Phase 1.**

Residents and guest are asked to not park in the locations where barricades have been placed, not blocking driveways, near hydrants and at corners where prohibited by law.

Please refrain from driving on the new concrete until the barricades have been removed by the contractor.

As a reminder, trash and recycle bins are not to be placed in the street and should be placed at the end of your driveway apron.

The Village's website (www.vernonhills.org.) and Village social media outlets will be updated on Friday's with tentative construction information for the upcoming week.

If you have any questions or concerns please contact Public Works, at (847) 367-3726 between the hours of 7:00 am to 3:30 pm Monday thru Friday.

We appreciate your patience and cooperation during this construction project. Should you have any questions, please do not hesitate to contact us.

Respectfully,

Chris Venatta P.E.

Director of Public Works/Village Engineer
