

## **Road Rehabilitation tentative work for the week of May 6th:**

Phase 1 of the Road Project will continue with the removal and replacement of concrete curb/gutter and sidewalks in the Gregg's Landing Subdivisions of Cypress Pointe, Pebble Beach, Turtle Bay, Royal Birkdale, Broadmoor, Beaver Creek and Gregg's Parkway between Cypress Pointe and Huntington Drive, weather permitting.

In the locations where removals are planned to occur at your driveway, a notice will be placed by the contractor at your front door by the day before the removal. Please have your vehicles moved to the street by 7:00 am the day of removal. If you do not receive a notice, please refrain from parking in the street to allow for parking where work is being done.

Residents have been given permission to park on the street overnight if you are unable to access your driveway, we have notified the Police Department not to enforce the overnight parking restrictions for **Phase 1**.

Residents and guest are asked to not park in the locations where barricades have been placed, not blocking driveways, near hydrants and at corners where prohibited by law.

Please refrain from driving on the new concrete until the barricades have been removed by the contractor typically 3 days and the residents whose brick pavers have been removed will have them replaced as well.

The Village's website ([www.vernonhills.org](http://www.vernonhills.org).) and Village social media outlets will be updated on Friday's with tentative construction information for the upcoming week.

If you have any questions or concerns please contact Public Works, at (847) 367-3726 between the hours of 7:00 am to 3:30 pm Monday thru Friday.

We appreciate your patience and cooperation during this construction project. Should you have any questions, please do not hesitate to contact us.

Respectfully,

Chris Venatta P.E.

Director of Public Works/Village Engineer
