Re: 2020 MFT Roadway Improvements  
Partnership Project  
Bid Tabulation and Contract Award

Dear Mr. Brown:

On February 26, 2020, bid proposals for the above referenced project were received, opened and read aloud at the Vernon Hills Village Hall. Bids were received from five (5) contractors, as-read they ranged from \$2,812,873.72 to \$3,119,540.60. The engineer's opinion of probable cost was \$2,772,586.50. Attached is a summary of bids for your review.

The bids were reviewed and found to have no mathematical errors.

A couple of questions did arise after the bid regarding the low bid Contractor's material production capabilities and current workload. Additional information was requested from them to help clarify their supplied data. They forwarded project references and a volume certification from their planned IDOT approved material supplier for asphalt.

Based on the availability of funding, the Village may accept the bids and award the contract to the apparent low bidder, Brothers Asphalt Paving, Inc. in the bid amount of \$2,812,873.72. At the Board's direction we will draft the contracts and forward them to the Contractor for execution.

As with any other construction project, it is recommended that the Village Board add in a 5-10% contingency factor for additions or changes due to unforeseen conditions (generally below grade) to the proposed construction improvements. As always, our office will keep the Board apprised of any significant changes in the project scope. We anticipate the starting date for this road maintenance project will begin after May 1, 2020, once the Contractor receives the Authorization to Proceed.

If you should have any questions, please contact our office.

Sincerely,  
Gewalt Hamilton Associates, Inc.

**THIS INTERGOVERNMENTAL AGREEMENT** ("Agreement") is made and entered into as of the 1st day of February, 2019, by, between, and among the Lake County municipalities and township of:

1. The **VILLAGE OF LIBERTYVILLE**, an Illinois non-home rule municipal corporation ("**Libertyville**"); and

3. The **VILLAGE OF VERNON HILLS**, an Illinois home rule municipal corporation ("**Vernon Hills**"); and
4. The **LIBERTYVILLE TOWNSHIP ROAD DISTRICT**, a body politic and corporate in Lake County, Illinois ("**Township**").

Libertyville, Mundelein, Vernon Hills and the Township are collectively referred to in this Agreement as the "**Parties**", and individually as "**Party**".

**WITNESSETH:**

**WHEREAS**, the previous Intergovernmental Agreement dated December 1, 2018 between Libertyville, Mundelein and Vernon Hills for a joint roadway pavement rehabilitation program is hereby rescinded by this new Agreement; and

**WHEREAS**, the Parties have individually and collectively determined that combining their respective annual roadway pavement rehabilitation programs, including related utility work on the affected roads (collectively, "**Program**") could provide potential savings through a joint project bid; and

**WHEREAS**, the Parties desire to establish an Intergovernmental Agreement between and among **Libertyville, Mundelein, Vernon Hills and the Township** to facilitate intergovernmental cooperation for a joint bid for the implementation of the Program; and

**WHEREAS**, to achieve these and other related objectives, the Parties desire to continue to utilize the powers and authority granted to them, individually and collectively, pursuant to the Illinois Municipal Code, 65 ILCS 5/1-1-1 *et seq.*; the home rule powers of **Mundelein** and **Vernon Hills**; Article VII, Section 10 of the Illinois Constitution of 1970; and the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*; and

**WHEREAS**, after full consideration of all planning, fiscal, and other intergovernmental issues affecting this matter, each of the Parties has determined that it is in the best interests of its citizens and of the general public welfare that this Agreement be executed and implemented by the Parties; and

**WHEREAS**, the Parties have each approved this Agreement by an ordinance or resolution duly adopted by the Party's corporate authorities;

**NOW, THEREFORE**, for and in consideration of the mutual covenants and agreements herein made and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, and pursuant to all applicable statutes and local ordinances, specifically including, but without limitation, the Illinois Municipal Code, 65 ILCS 5/1-1-1 *et seq.*; the home rule powers of **Mundelein** and **Vernon Hills**; Article VII, Section 10 of the Illinois Constitution of 1970; and the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*, the Parties do hereby enter into the following:

**SECTION 1. RECITALS.**

The foregoing recitals are, by this reference, incorporated into and made a part of this Agreement.

**SECTION 2. PURPOSE.**

This Agreement is made for the purpose of establishing all of the authority, powers, and resources necessary and convenient to allow the Parties to jointly and efficiently address a common Program. This Agreement is further intended to allow the Parties to independently seek available local, state, and federal funds and other resources to assist in addressing the Program identified by the Parties as necessary, and being appropriate for, the joint action of the Parties.

**SECTION 3. TERM.**

- A. **Effective Date.** This Agreement shall take effect as of February 1, 2019.
- B. **Term; Renewal.** The term of this Agreement shall be one (1) year from the effective date of this Agreement (the "**Initial Term**"). The Agreement shall automatically renew for another one (1) year period (the "**Subsequent Term**"), among those Parties that have not given written notification of intent to terminate this Agreement not less than ninety (90) days prior to the expiration of the Initial Term, or unless the Agreement is otherwise terminated as set forth in Section 6 herein. At the end of any Subsequent Term, the Agreement shall continue to automatically renew for an additional one year period among the Parties that have not given notice of intent to terminate in the same manner as is provided in this Section.

- C. **Governance.** The Agreement shall be managed, and the duties under this Agreement performed, by the respective chief administrative officers of each Party, or their respective duly authorized representatives or designees ("***Party Representative***"). Each Party Representative shall operate and act with respect to Agreement affairs and actions only pursuant to action duly authorized by the Party Representative's corporate authorities. Unless otherwise unanimously agreed to by the Party Representatives with respect to a specific action or policy, all actions pursuant to the Agreement shall be taken or established only by the unanimous consent of the Party Representatives.

#### **SECTION 4. GENERAL COOPERATION.**

The Parties acknowledge and agree to cooperate with each other in furtherance of the purposes, goals, and objectives of the Agreement. Cooperation required by this Agreement specifically includes, but is not limited to, the sharing and joint utilization by and among the Parties of information and other materials possessed or developed by the Parties, either individually or collectively, and necessary to investigate, identify, and otherwise document the Pavement Rehabilitation Program.

#### **SECTION 5. CONTRACTING PROCESS; PAYMENTS AND EXPENSES**

- A. **Official Coordinator.** For the Initial Term of this Agreement, **Mundelein, Vernon Hills and the Township** shall each prepare and submit information about their proposed scope of work for their respective portions of the Program for year 2019 to **Libertyville**, who will serve as the Official Coordinator to bid the joint 2019 Pavement Rehabilitation Program. Thereafter, for Subsequent Terms, if any, the role of the Official Coordinator will rotate, as mutually agreed, among the Parties participating in the Pavement Rehabilitation Program.
- B. **Procedure for Developing Request for Proposals.** At such time as the Parties desire to advertise for and solicit competitive sealed bids ("***Sealed Bids***") from contractors for the Program, the Parties shall agree to follow the following process:
- i. The parties shall meet and confer and agree upon a set of technical specifications and requirements ("***Technical Requirements***") and bidding and contract documents ("***Contract Package***") for the Program.
  - ii. All parties shall have an adequate opportunity to review and comment on the Technical Requirements and Contract Package, and shall provide such comments to the Official Coordinator. Revised drafts of the Technical Requirements and Contract Package shall be prepared and reviewed by the Parties until such time as the Parties have approved these documents. The Contract Package and related specifications shall clearly delineate the work to be performed for each Party.

- iii. When all Parties are satisfied with the Technical Requirements and Contract Package, the Official Coordinator will advertise and make available for review such Technical Requirements and Contract Package in order to solicit prospective contractors or suppliers to solicit Sealed Bids and shall establish a deadline for the submission of Sealed Bids.
- iv. During the time following the issuance of the Technical Requirements and Contract Package, and prior to the deadline for submission of Sealed Bids, the Official Coordinator may issue addendum(s) to the prospective contractors as may be necessary to respond to the inquiries of such prospective contractors or to clarify the Technical Requirements and Contract Package. The Official Coordinator shall consult with the other Parties prior to issuing any such addenda. The Parties shall refer any inquiries or issues received or identified regarding the Technical Requirements and Contract Package to the Official Coordinator for possible inclusion in such an addendum.
- v. Following receipt of the Sealed Bids, the Official Coordinator shall provide copies of the Sealed Bids to each of the Parties. The Party Representatives shall examine and review the Sealed Bids and shall confer to discuss the Sealed Bids and to recommend to the Parties which contractor shall be selected.
- vi. The corporate authorities of the Party serving as Official Coordinator shall approve or reject the award of the contract for the Program ("Construction Contract") following approval by the corporate authorities of the other Parties, by resolution.

C. **Administration by the Official Coordinator and Parties.** The Official Coordinator and Parties shall have the right and obligation to manage the Construction Contract with the selected contractor for the Program. Such duties shall include, without limitation, meetings with representatives of the contractor, reviews of technical and administrative data, establishing testing programs, monitoring schedules and performance, ensuring that required repair and maintenance responsibilities are performed by the contractor, and the enforcement of the terms and conditions of the Construction Contract and the bonds and insurance required under the Construction Contract. All the Parties shall work together to achieve consensus regarding any alleged failures of the performance of either the contractor, or the work by the contractor, under the Construction Contract. No lawsuit to enforce the Construction Contract or the bonds shall be filed without the consensus of all Parties.

D. **Expenses.** The Parties acknowledge and agree to use their respective staffs and resources, at no cost to any other Party, for actions undertaken by or on behalf of one of the Parties. Each Party shall be responsible for, and each Party agrees to pay, its own expenses incurred for professional services, including legal fees, engineering inspection, quality control and pavement testing, and any and all other expenses incurred by that Party during construction of the Program under the Construction Contract. Any expenses to be shared between the Parties shall be approved in advance, and in writing, by each Party.

- E. **Insurance.** The contractor to whom the Construction Contract is awarded to will be required to obtain and maintain, for the duration of the Construction Contract, an appropriate individual Certificate of Insurance for each Party.

All certificates of insurance must be accompanied by a separate endorsement, which designates as an additional insured each Party separately and its officers, agents and employees. The endorsement must demonstrate, in a manner acceptable to each Party, that the endorsement has been bound by the insurance company. An example may include, but not limited to, being signed by an officer of the insurance company issuing the policy or by an authorized, designated agent of that insurance company.

The certificate and the insurance policies required shall contain a provision that coverage afforded under the policies will not be canceled or, non-renewed, and that a restrictive modification cannot be added until at least thirty days after written notice has been given to each Party. A mere intent to notify of cancellation is unacceptable. Insurance coverage that is to remain in force and effect after completion of the construction will require an additional certificate(s) evidencing continuation of such coverage.

- F. **Bonds.** The contractor to whom the Construction Contract is awarded to will be required to obtain and maintain, for the duration of the Construction Contract, separate bonds for each Party, each in the amount for all of the work under the Construction Contract for each Party. The Parties shall file such claims and take such actions as may be necessary to resolve any issues raised by any Party pursuant to the bond for their respective work.
- G. **Payments.** Pursuant to this Agreement, each Party shall be responsible to pay its respective share of the cost of the Program pursuant to the Construction Contract. The Construction Contract shall provide that the Contractor and/or suppliers shall only seek payment from a Party for its respective share of the cost of the Program based upon the delineation of Program work related to such Party as set forth in the Contract Package and related specifications. Each Party shall budget and appropriate sufficient funds to pay its respective share of the cost of the Construction Contract within its respective jurisdiction by an ordinance or resolution approved by the Party's corporate authorities.
