Dear Mr. Brown:

Clarke Environmental Mosquito Management, Inc. (Clarke) hereby agrees to extend by mutual agreement of the parties, the professional mosquito control services for the Village of Vernon Hills (Village) for 2019-2021 in accordance with the terms and agreement in effect for 2013-2015. The price for the program for the 2019 is \$57,030.00. Any new areas or services may be added at the prorated cost in effect at the time.

On October 31, 2011 a National Pollutant Discharge Elimination System (NPDES) permit was necessary for the execution of the work for mosquito control. The general permit shall also be required for those discharging to waters in aquatic services (weed and algae control), forestry, insect and animal pest control. The Village's mosquito control program requires a Notice of Intent (NOI), Endangered Species Compliance, Pesticide Discharge Management Plan (PDMP), annual reporting and other compliance requirements. All NPDES requirements for services provided by Clarke will be covered under Clarke's single NPDES permit. There will be no additional cost or fee for the NPDES services in 2019. Any additional NPDES fees implemented by IEPA in 2020-2021 would be added to the program cost.

If you have questions regarding any aspect of your agreement, NPDES or services, please feel free to contact me at (630) 671-3112.

Sincerely,

  
George Balis
